Joint	\$10.00	\$10.00

### PaymentBanc Offers Two Types Of Payment Drafting Plans.

**Standard Payment Plan:** Accounts are drafted until the balance is zero. If a payment plan runs beyond 12 months, each additional payment drafted will assess a \$2.00 fee.

**Draft Until Cancelled (DUC):** DUC accounts have no balance and are set up for PaymentBanc to continue drafting the account until it is cancelled by you, our client. DUC accounts incur a new management fee each year on the date the account was originally set up.

\* A credit card merchant fee is charged to the practice on all credit card transactions. This expense may vary from time to time as merchant rates change. Merchant rates vary based on card type. Merchant fees are not PaymentBanc charges. These are pass-through amounts from banking and credit card providers.

\*\*Once you have depleted your package, the pay-as-you-go rate is \$24.00. Additional managed accounts can be purchased in packages (see above) at any time.
