Dear PSI Member:

As a preferred vendor for PSI, we would like to introduce ourselves and provide you with the following information about Vetamac and the services that we can provide for your practice. Please feel free to call with any additional questions. We look forward to working with you in the near future.

As a teacher and certified technician at Purdue University Harry Latshaw, MS, RVT, VTS (anesthesia) saw a tremendous need for quality service, support, and equipment in the Veterinary industry. Harry knew that he could fulfill that need and Vetamac was born.

Since 1990 Vetamac has been providing state of the art anesthesia equipment service, maintenance, support, and consulting services exclusively to the Veterinary profession. We currently service over 1000 Veterinary hospitals in the Midwest including Indiana, Michigan, Ohio, Illinois, Wisconsin, Iowa, Minnesota Kansas, and South Dakota. Within those states we are servicing over 2800 anesthesia machines. Our technicians have over 100 years of combined experience in the field of anesthesia.

To schedule service in your area, please call (800)334-1583.

Because of our combined experience we are able to provide the following:

- ❖ Better patient care
- ❖ Safer environment for the veterinary professionals
- ❖ Safer and more reliable equipment
- ❖ Quality, reliable, and timely service for anesthesia equipment
- ❖ Excellent hospital staff training for use of anesthetic equipment
- ❖ Continuing education programs

Vetamac products and services include the following:

- ❖ Veterinary exclusive service for all makes and models of anesthetic machines
- ❖ Vaporizer calibration and repair
- ❖ Oxygen system service
- ❖ Anesthetic waste gas system service
- ❖ Consulting services
- ❖ Remote, phone, and on site customer service.
- ❖ Anesthesia machine parts, disposables, accessories, and consumables
- ❖ Web Store for easy online ordering (Please call the main office prior to your first web order to set up an account)
