

Automate.
Activate.
Optimize.

Effective client engagement has the power to enhance compliance, build foot-traffic, strengthen your business and improve reputation.

But, when financial resources are limited and your staff is maxed-out, investing in the right technology can streamline workflow and improve productivity.

Meet VetBoost[®], from Purchasing Services, Inc., the most affordable, comprehensive client communication software on the market. Developed for independent veterinarians, **VetBoost** will save your practice \$3,600 annually, compared to a leading competitive software, while offering more features and benefits.

VetBoost Benefits

- Integrates with your practice management software.
- Combines intuitive design with robust, back-end functionality.
- Offers live support when you need it.
- Streamlines workflow, automates repetitive tasks, reduces errors and boosts your bottom line.

Optional Features

- **Branded Pet Healthcare Client Magazine with Reminders**
- **Veterinary Business Staff Training Resources**
- **Reports and Analytics**
- **24/7 Online Pharmacy Access**
